

The Tayside and Fife Archaeological Committee is the area liason group which works to promote and protect the historic environment. TAFAC brings together individuals and organisations with a shared interest in conserving and recording the archaeology and built heritage of the area.

The papers in this volume include reports on the fixed defences of the River Forth in the Revolutionary and Napoleonic Wars, excavations in advance of the new visitor centre beside Arbroath Abbey, excavations of an Iron Age settlement and souterrain at Dubton Farm in Angus and on St Serf's Island in Loch Leven.
