

The Tayside and Fife Archaeological Committee is the area liason group which works to promote and protect the historic environment. TAFAC brings together individuals and organisations with a shared interest in conserving and recording the archaeology and built heritage of the area.

The papers in this volume include reports on the excavation and initial post-excavation analysis of an excavated group of Early Bronze Age cremation urns at Kilmagadwood beside Loch Leven, excavations at a four-poster stone circle at Na Clachan Aoraidh above Loch Tummel in Northern Perthshire, excavated evidence for prehistoric and Early Historic metal working at Dyce in Aberdeenshire, and excavations in medieval Perth in advance of the recent refurbishment of Perth Theatre.
