

The Tayside and Fife Archaeological Committee is the area liason group which works to promote and protect the historic environment. TAFAC brings together individuals and organisations with a shared interest in conserving and recording the archaeology and built heritage of the area.

The papers in this volume include reports on two developer funded excavations at Carnoustie in Angus, excavations at Newark Castle in Fife, excavations at Hawkhill in Angus and the rediscovery of a Lairds house in advance of the construction of the new Forth Crossing in Clackmannanshire.
