

The Tayside and Fife Archaeological Committee is the area liason group which works to promote and protect the historic environment. TAFAC brings together individuals and organisations with a shared interest in conserving and recording the archaeology and built heritage of the area.

The papers in this volume include reports on the discovery of a prehistoric carved stone ball and lithic scatter at Sheriffmuir, Perth and Kinross; excavations at Bertha Park by Perth; an overview of the monumental cemeteries of Pictland; the archaeology of St Drostan's Church, Markinch; and a consideration of the benefits of the proper study and analysis of masons' marks in historic buildings.
